

2018 Sienna

At a Glance

For 20 years now, Sienna has left its mark on millions of families as the go-to minivan for those who require dependability, value and style all in the same package. While it's clearly a practical family vehicle, its sporty trim options and plush appointments belie its ultra-practical mission. Whether it's going to soccer practice or cruising down the interstate, the original Swagger Wagon is still making families look good along the way.

New for 2018

Sienna added a new engine and transmission in 2017 – and for 2018, it's getting an updated appearance, even more active safety features and Toyota's latest infotainment advancements.

Design

- * Updated front fascia, including new, larger openings at both the lower grill and fog light compartments
- * Sculpted lower rocker panels
- * Sporty and aerodynamic rear spoiler
- * 3 new colors: Toasted Walnut Pearl, Alumina Jade Metallic, Parisian Night Pearl

Technology

- * Toyota Safety Sense™ P (TSS-P)[1]
- * Entune™ 3.0, including a 7-in. touch-screen
- * 5 USB ports
- * Available Bird's Eye View[2]

The Bottom Line

Sienna proudly smashes the notion that minivans must be boring people carriers. It has a tradition of standing out from its segment rivals, and now it's further distancing itself with standard Toyota Safety Sense™ P[1] — which includes the ability to detect a pedestrian[3] and automatically brake[4] to avoid them — the impressive new Entune™ 3.0 multimedia system, available Bird's Eye View camera system[2], and revised, sportier looks. Add all of that to the only minivan currently made with all-wheel drive, and it's easy to see why Sienna is the perfect blend of form and function for families that reject boring compromises.

Awards

- 2018 Sienna is the only vehicle in its class to have available All-Wheel Drive[5]
- 2017 Sienna was named a Highest Retained Value winner by IntelliChoice.[6]
- 2017 Sienna was named an Excellent Value winner by IntelliChoice.[6]
- 2017 Sienna was named a Best Overall Value of the year winner by IntelliChoice.[6]
- 2017 Toyota Sienna – Best Resale Value: Minivan/Van[8]

Disclaimers

1. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details.
2. The Bird's Eye View \[Panoramic View\] Camera does not provide a comprehensive view of the area surrounding the vehicle. You should also look around outside your vehicle and use your mirrors to confirm surrounding clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details.
3. The Pedestrian Detection System is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians and weather, light and road conditions. See *Owner's Manual* for additional limitations and details.
4. The TSS Pre-Collision System is designed to help avoid or reduce the crash speed and damage in certain frontal collisions only. It is not a substitute for safe and attentive driving. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details.
5. Based on manufacturers' data, September 2017.
6. 2017 IntelliChoice, www.IntelliChoice.com; Minivan. Based on 2017 model year study.
7. Cargo and load capacity limited by weight and distribution.

9. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change. See Toyota.com/entune for details.
10. Contact with the response center may not be available in all areas. Service Agreement required. A variety of subscription terms available; charges will vary. See Toyota.com for details.
11. Wi-Fi Connect is available on select 2018 and newer Toyota vehicles. Visit Toyota.com for vehicle availability. Verizon Wireless is the network provider for Wi-Fi Connect, which uses Verizon's 4G LTE network to transmit data. Data usage applies. Coverage not available everywhere; see vzw.com. See verizonwireless.com/bestnetwork for details. LTE is a trademark of ETSI. Other terms apply. Up to 5 devices can be supported using in-vehicle connectivity. Verizon Wireless data subscription required upon end of 6-month trial period or use of 2-GB date (whichever comes first). Use of Wi-Fi Connect subject to Verizon Wireless' Customer Agreement (verizon.com/about/privacy/privacy-policy-summary), and data use policies (verizonwireless.com/support/vz-email-legal/).
12. Do not rely exclusively on the blind-spot monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See *Owner's Manual* for additional limitations and details.
13. Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See *Owner's Manual* for additional limitations and details.
14. A single disc DVD player is included. A separate DVD player or game system utilizing the center console's video/audio inputs is required in order to use the split screen function of the Dual View system.
15. Intelligent Clearance Sonar (ICS) is designed to assist drivers in avoiding potential collisions at speeds of 9 mph or less. Certain vehicle and environmental factors, including an object's shape and composition, may affect the ability of the ICS to detect it. Always look around outside the vehicle and use mirrors to confirm clearance. See *Owner's Manual* for additional limitations and details.
16. Availability & accuracy of the information provided by the Dynamic Navigation system is dependent upon many factors. Use common sense when relying on information provided. Services & programming subject to change. Services not available in every city or roadway. Subscription required after end of 3-year complimentary service. See *Owner's Manual* for details.
17. Headphones are for passenger use only. Do not use while operating vehicle.
18. Automatic high beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness requiring driver to manually operate the high beams. See *Owner's Manual* for additional limitations and details.
19. Do not rely exclusively on the blind-spot mirror. Always look over your shoulder and use your turn signal. There are limitations to the function of the mirror. See *Owner's Manual* for additional limitations and details.
20. 17-in., 18-in., and 19-in. performance tires are often expected to experience greater tire wear than conventional tires. Tire life may be substantially less than mileage expectancy, depending upon tires used and driving conditions.
21. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps & services subject to change. See Toyota.com/entune for details.
22. Always drive safely, obey traffic laws & focus on the road while driving. Siri® is available on select iPhone/iPad models & requires Internet access. Siri® is not available in all languages or all areas & features vary by area. Some Siri® functionality & commands are not accessible in the vehicle. Data charges may apply. See Apple.com & phone carrier for details. Siri® is a registered trademark of Apple Inc.
23. Google voice control is available on select smart phones. Functionality depends on many factors. Some Google voice functions & commands are not accessible while driving. Data charges will apply. See Google.com & phone carrier for details.

24. iPod® is a registered trademark of Apple Inc. All rights reserved.
25. Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you.
26. Advanced Voice Recognition capabilities vary by head unit.
27. The *Bluetooth*® word mark and logos are registered trademarks owned by *Bluetooth* SIG, Inc. and any use of such marks by Toyota is under license. A compatible *Bluetooth* enabled phone must first be paired. Phone performance depends on software, coverage & carrier.
28. HD Radio™ Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp.
29. SiriusXM® services require a subscription after a 3-month trial period. Subscriptions governed by SiriusXM® Customer Agreement available at SiriusXM.com. **If you decide to continue your SiriusXM®** service at the end of your complimentary trial, the plan you choose will automatically renew and bill at then-current rates unless you call 1-866-635-2349 to cancel. Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C.
30. Availability & accuracy of the information provided is dependent upon many factors. Use common sense when relying on this information. Services & programming subject to change. Service not available in every city or roadway. See *Owner's Manual* for details.
31. All the airbag systems are Supplemental Restraint Systems. All airbags (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See *Owner's Manual* for additional limitations and details.
32. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details.
33. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See *Owner's Manual* for additional limitations and details.
34. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See *Owner's Manual* for additional limitations and details.
35. At speeds greater than five miles per hour, when the accelerator is depressed first and the brakes are then applied firmly for longer than one-half second, Smart Stop Technology is designed to help the driver bring the vehicle to a stop. Smart Stop Technology operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. See *Owner's Manual* for details.
36. Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on road, weather and traffic conditions. See *Owner's Manual* for additional limitations and details.
37. Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual and audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details.
38. The Smart Key system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system.
39. The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See *Owner's Manual* for details.
40. Hill-Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See *Owner's Manual* for additional limitations and details.
41. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a Smart Key fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key/fob, it can be costly to replace. If you lose a key or fob, your Toyota dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.aloa.org.
42. 2018 EPA-estimated mileage. Actual mileage will vary.
43. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in the *Owner's Manual*. The maximum you can tow depends on the total weight of any cargo, occupants and available equipment. Calculated with the new SAE J2807 method.
44. Covers normal factory scheduled service for 2 years or 25K miles, whichever comes first. See Toyota dealer for details and exclusions. Valid only in the continental U.S. and Alaska.
45. Roadside Assistance coverage is 2 years unlimited mileage. See Toyota dealer for details and exclusions. Valid only in the Continental U.S. & Alaska.
