

2019 Camry

At a Glance

America's best-selling car continues to dominate the mid-size sedan market. This bold four-door carries on with its sleek new eighth-generation design introduced last year. With three solid powertrains to choose from and an abundance of available features across all 10 models, Camry has no trouble standing out from the crowd – all while making a statement with its dramatic exterior and interior design language. So, whether it's the fuel-efficient Camry LE Hybrid or the powerful Camry XSE V6, Camry brings some serious heat to the competition.

Appearance

- * Available color-keyed rear spoiler
- * Available dual exhaust with quad chrome tips
- * Available two-tone paint scheme

Comfort

- * Available panoramic glass roof invites natural light into the cabin
- * Alloy wheels ranging in size from 17 to 19 inches[1]
- * Spacious leg room: 42.1 inches up front and 38.0 inches in back

Technology

- * Entune™ 3.0[2] with up to nine speakers
- * Toyota Safety Sense™ P (TSS-P)[3]
- * Up to four selectable drive modes

New for 2019

Having already been completely redesigned for 2018, Camry broadens its technological horizon for 2019 with the introduction of Apple CarPlay®[4] and Amazon Alexa[5] compatibility, Wi-Fi Connect[6] and Safety Connect®[7] – all as standard features across the line.

Meanwhile, Camry SE is now available with the Nightshade Special Edition Package. Nightshade adds a splash of black to exterior accents. Available in three colors – Midnight Black Metallic, Celestial Silver Metallic and Super White – this limited package furthers SE's sporty appeal.

That's not all. The four-cylinder XLE and XSE trims gain standard Entune™ Audio Plus[2]

and optional Entune™ Premium Audio[2]. Intelligent Clearance Sonar[8] with Rear Cross-Traffic Braking[9] is now optional on XSE, while a new Supersonic Red exterior color is available for SE and XSE.

The Bottom Line

Camry is no stranger to winning streaks, and for 2019, it's showing no signs of slowing down. Camry has redefined what it means to be a mid-size sedan. Its stylish looks and long list of standard technological equipment place it ahead of the pack, a position further solidified by its powerful yet efficient engines and ergonomically laid-out cabin. And considering Toyota's typical long-term cost estimates and reputation for quality, durability and reliability – not to mention the ToyotaCare No Cost Maintenance Plan[10] with Roadside Assistance[11] – it's not surprising how little trouble Camry has finding new, loving owners.

Awards

- 2019 Toyota Camry Received the NHTSA 5-Star Overall Safety Rating.[12]
- 2019 Toyota Camry is a IIHS TSP+ when equipped with LED headlights.[13]
- Best-selling car in America for the last 16 years.[16]
- 2019 Toyota Camry has received the Car and Driver 2019 Editors' Choice Awards for Midsize Sedan[56]
- Toyota Camry is one of the top 15 models owners keep for 15 years or more.[57]

Key Features

L

Camry L gets the foot in the door for many buyers considering stepping up from a compact vehicle. It also marks the beginning of the comfort-oriented “L” line of Camry models.

- Apple CarPlay®[4] compatibility
- Toyota Safety Sense™ P[3]
- Entune™ 3.0 Audio[2]

LE

Camry LE takes the features of Camry L and adds a dose of convenience. It offers a number of noteworthy available features, as well as standard 17-inch alloy wheels[1].

- 8-way power-adjustable driver’s seat
- Available dual-zone automatic climate control
- Wi-Fi Connect Powered by Verizon[6]

SE

Camry SE starts the sport-themed “S” line of Camry models and is a core trim to the lineup, hitting the right balance for most buyers looking to impress without breaking the bank.

- 18-inch black machined-finish alloy wheels[1]
- Single-zone automatic climate control
- TPMS[18] with direct pressure readout

XLE

Camry XLE is an excellent choice for buyers looking to take their Camry into luxury territory, but who don’t need the power of the V6 models.

- Entune™ Audio Plus[2]
- 7-inch TFT Multi-Information Display
- Dual-zone automatic climate control

XSE

Easily the most eye-catching trim, Camry XSE marks the higher level of the sportier trims. This trim (and its V6 variant) is the only way to get the two-tone paint scheme.

- Available Intelligent Clearance Sonar (ICS)[8] with Rear Cross-Traffic Braking (RCTB)[9]
- 19-inch black machined-finish alloy wheels[1]
- Dual exhaust with quad chrome tips

XLE V6

The XLE V6 sits on the premium end of the Camry trims. This fully-loaded model offers features usually found on luxury vehicles at much higher prices.

- Panoramic glass roof with front power tilt/slide
- Entune™ 3.0 Audio Plus[2] w/JBL®[19]
- Available Entune™ 3.0 Premium Audio[2]

XSE V6

The V6 engine isn't the only difference in this top-tier Camry – it also comes equipped with an amazing list of features and equipment, all while maintaining its show-stopping sport theme.

- 301-horsepower V6 engine
- 10-inch color Heads-Up Display (HUD)
- Qi-compatible wireless smartphone charging[20]

LE Hybrid

Camry LE Hybrid may be the entry-level hybrid variant, but this high-tech sedan is far from basic transportation thanks to its long list of standard equipment.

- 208-horsepower hybrid system net power
- EV drive mode[21]
- Available Blind Spot Monitor[22] with Rear Cross-Traffic Alert[23]

SE Hybrid

Who said hybrid vehicles can't be sporty? Camry SE Hybrid blows that myth right out of

the water, featuring remarkable driving dynamics and head-turning looks.

- Color-keyed rear spoiler
- Paddle shifters
- Leather-trimmed sport steering wheel

XLE Hybrid

The XLE Hybrid is what you get when you pull out all the stops on a hybrid sedan. Filled to the brim with high-tech equipment, this trim is fit for a king.

- Available Adaptive Headlights
- Available Bird's Eye View Camera[24]
- Intelligent Clearance Sonar (ICS)[8] with Rear Cross-Traffic Braking (RCTB)[9]

Stolen vehicle police report required to use Stolen Vehicle Locator.
- Intelligent Clearance Sonar (ICS) is designed to assist drivers in avoiding potential collisions at speeds of 9 mph or less. Certain vehicle and environmental factors, including an object's shape and composition, may affect the ability of the ICS to detect it. Always look around outside the vehicle and use mirrors to confirm clearance. See Owner's Manual for additional limitations and details.
- Do not rely exclusively on the Rear Cross-Traffic Braking system. Always look over your shoulder and use your mirrors to confirm rear clearance. The system cannot prevent all collisions, and performance is dependent on road, weather and vehicle conditions. See Owner's Manual for additional limitations and details.
- ToyotaCare plan covers normal factory scheduled service for 2 years or 25K miles, whichever comes first. See Toyota dealer for details and exclusions. Valid only in the continental U.S. and Alaska.
- Roadside Assistance coverage is 2 years of unlimited mileage. Does not include parts and fluids, except emergency fuel delivery. See Toyota dealer for details and exclusions. Valid only in the continental U.S. & Alaska.
- Government 5-Star Safety Ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.safercar.gov)
- Insurance Institute for Highway Safety rating for 2019 Camry, vehicle class Midsize Cars. For more details on 2019 Top Safety Pick Plus Awards, see www.iihs.org. Applies to Camry models when equipped with HID headlights.
- 2019 Camry L EPA-estimated 29/city, 41/hwy, 34/comb MPG estimates. Actual mileage will vary for many reasons including driving conditions, how you drive and maintain your vehicle. See fuelconomy.gov.
- Claim for Print, Radio and TV: View U.S. News Best Cars at cars.usnews.com.
- Based on manufacturer estimates, CY 2003-2018 sales, includes Camry Solara.
- Cargo and load capacity limited by weight and distribution.
- The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See Owner's Manual for details.
- JBL & Clari-Fi are registered trademarks of Harman International Industries, Incorporated.
- Qi wireless charging may not be compatible with all mobile phones, MP3/WMA players and like models. When using the wireless charging system avoid placing metal objects between the wireless charger and the mobile device when charging is active. Doing so may cause metal objects to become hot and could cause burns.
- EV Mode works under certain conditions at low speeds up to one mile. See Owner's Manual for details.
- Do not rely exclusively on the blind-spot monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See Owner's Manual for additional limitations and details.
- Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See Owner's Manual for additional limitations

and details.

24. The Bird's Eye View Camera does not provide a comprehensive view of the area surrounding the vehicle. You should also look around outside your vehicle and use your mirrors to confirm surrounding clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details.
25. The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system.
26. Dynamic Navigation three year trial begins the earlier of when the vehicle hits 100 miles or a year after the multimedia system manufactured date, regardless of when you purchase or lease the vehicle. Availability & accuracy of the information provided by the Dynamic Navigation system is dependent upon many factors. Use common sense when relying on information provided. Services & programming subject to change. Services not available in every city or roadway. See Owner's Manual for details.
27. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps & services subject to change. See Toyota.com/entune® for details.
28. The Scout® GPS Link app is compatible with select vehicle models. Availability and accuracy of the information provided by Scout GPS Link is dependent upon many factors, including smartphone connectivity and capability, and cellular reception and is subject to change at any time without notice. Always use safe driving practices and follow all traffic rules. Data charges may apply. Scout® and Telenav® are registered trademarks of Telenav, Inc.
29. Always drive safely, obey traffic laws & focus on the road while driving. Siri® is available on select iPhone/iPad models & requires Internet access. Siri® is not available in all languages or all areas & features vary by area. Some Siri® functionality & commands are not accessible in the vehicle. Data charges may apply. See Apple.com & phone carrier for details. Siri® is a registered trademark of Apple Inc.
30. May not be compatible with all mobile phones, MP3/WMA players and like models.
31. Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you.
32. Advanced Voice Recognition capabilities vary by head unit.
33. The *Bluetooth* word mark and logos are registered trademarks owned by *Bluetooth* SIG, Inc. and any use of such marks by Toyota is under license. A compatible *Bluetooth* enabled phone must first be paired. Phone performance depends on software, coverage & carrier.
34. HD Radio™ Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp.
35. SiriusXM® audio services require a subscription sold separately by Sirius XM Radio Inc. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees and programming subject to change. Not all vehicles or devices are capable of receiving all services offered by SiriusXM. Current information and features may not be available in all locations, or on all receivers. ©2018 Sirius XM Radio Inc. SiriusXM and all related marks and logos are trademarks of Sirius XM Radio Inc.
36. Information provided is based on the last time data was collected from the vehicle and may not be up to date. System functionality depends on vehicle connectivity.
37. Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space or vehicle is occupied by a child). Functionality depends on many factors, such as vehicle and smartphone connectivity. Remote Start/Stop not available on Manual Transmission equipped vehicles. Registration and app download are required. Subscription purchase required after trial. See usage precautions and service limitations in Owner's Manual.
38. Availability & accuracy of the information provided is dependent upon many factors. Use common sense when relying on this information. Services & programming subject to change. Service not available in every city or roadway. See Owner's Manual for details.
39. Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors including road, weather and traffic conditions. See Owner's Manual for additional limitations and details.
40. Lane Departure Alert is designed to read visible lane markers under certain conditions, and provide visual and audible alerts when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details.
41. All the airbag systems are Supplemental Restraint Systems. All airbags (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See Owner's Manual for additional limitations and details.
42. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details.
43. Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details.
44. Brake Assist (BA) is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See Owner's Manual for additional limitations and details.

45. Smart Stop Technology operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. See Owner's Manual for details.
46. The TSS Pre-Collision System is designed to help avoid or reduce the crash speed and damage in certain frontal collisions only. It is not a substitute for safe and attentive driving. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details.
47. The Pedestrian Detection System is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians and weather, light and road conditions. See Owner's Manual for additional limitations and details.
48. Hill-Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details.
49. When the system is on, Automatic Electric Parking Brake is designed to automatically engage the Electric Parking Brake under limited conditions. It may not hold the vehicle under all conditions and does not function when the vehicle is in Reverse. Automatic Electric Parking Brake is not a substitute for manual use of the Electric Parking Brake. See Owner's Manual for additional limitations and details.
50. When the system is on, Brake Hold is designed to keep the brakes engaged after the driver brings the vehicle to a complete stop. It may not hold the vehicle under certain conditions and does not function when the vehicle is in Reverse. Brake Hold is not a substitute for safe and attentive driving. See Owner's Manual for additional limitations and details.
51. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a Smart Key fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key/fob, it can be costly to replace. If you lose a key or fob, your Toyota dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.aloa.org.
52. Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual and audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details.
53. Automatic High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness requiring driver to manually operate the high beams. See Owner's Manual for additional limitations and details.
54. Whiplash Injury Lessening front seats can help reduce the severity of whiplash injury in certain rear end collisions.
55. 2019 EPA-estimated mileage. Actual mileage will vary.
