

Key Selling Points

After getting a face lift in 2016, the 2017 Avalon adds Toyota Safety Sense™ P (TSS-P)¹ to its already impressive suite of standard equipment's across all grades.

Bold And Athletic Styling

- Avalon's sleek exterior attracts lots of welcome attention, appearing both athletic and elegant, with a low and wide appearance creating an aggressive stance. Advanced Technology

- All grades include a standard 7-inch touch-screen display and navigation² capabilities with Entune™ Audio Plus with Connected Navigation App (Scout® GPS Link³) standard on XLE and XLE Plus. In addition, Toyota's all-new safety package, Toyota Safety Sense™ P (TSS-P)¹ is standard on all Avalon's.

Excellent Fuel Economy Ratings

And with Normal, Sport and ECO Driving Modes as well as paddle shifters now standard on all Avalon gas models, Avalon provides an exciting blend of fun-to-drive performance and efficiency.

Top-Class Interior Cabin Roominess

- Avalon's cabin provides front and rear occupants with ample space, and Avalon's power adjustable front seats offer a great range of leg room adjustability, all culminating in a comfortable ride for every seating position.

High-Quality Interior

- A combination of available premium leather on the steering wheel, shift knob and seat upholstery along with wood-grain-patterned and smoked-chrome accents creates an environment that is both pleasing to the eye and to the touch. Decorative stitching on the steering wheel, as well as the dashboard and door panels, adds to the interior's luxurious feel.

Top-Class Noise/Vibration, Ride and Handling Performance

- Avalon retains its quiet, isolated interior with strategically placed sound-deadening materials, including an acoustic glass windshield and front side glass. Services & programming subject to change. Services not available in every city or roadway. Updates may be available from your dealer at an additional cost. See *Owner's Manual* for details.

3. Scout[®] is a registered trademark of Telenav, Inc. Availability & accuracy of the information provided by Scout[®] GPS Link is dependent upon many factors. Use common sense when relying on information provided. Services & programming subject to change. Services not available in every city or roadway. See toyota.com/entune for details. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. 4. 2017 Avalon EPA 21/city, 30/hwy, 24/combined MPG estimates. 2017 Avalon Hybrid EPA 40/city, 39/hwy, 40/combined MPG estimates. Actual mileage will vary.

5. The Bluetooth[®] word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Toyota is under license. A compatible Bluetooth enabled phone must first be paired. Phone performance depends on software, coverage & carrier.

6. Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you.

7. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for details.

8. Qi wireless charging may not be compatible with all mobile phones, MP3/WMA players and like models. When using the wireless charging system avoid placing metal objects between the wireless charger and the mobile device when charging is active. Doing so may cause metal objects to become hot and could cause burns. To prevent damage to devices, do not leave the devices in the vehicle. Temperature inside may become high, resulting in damage to the device.

9. SiriusXM[®] services require a subscription after a 3 month trial period. Subscriptions governed by SiriusXM[®] Customer Agreement available at SiriusXM.com. **If you decide to continue your SiriusXM[®] service at the end of your complimentary trial, the plan you choose will automatically renew and bill at then-current rates unless you call 1-866-635-2349 to cancel.** Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C.

10. All the airbag systems are Supplemental Restraint Systems. All airbags (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: typically, frontal and knee airbags inflate in frontal collisions, side torso and side curtain airbags inflate in side collisions and roll-sensing curtain airbags inflate at a severe roll angle or roll rate. To decrease the risk of injury from an inflating airbag, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating airbag may cause serious injury or death. See your *Owner's Manual* for further information/warnings.

11. Whiplash Injury Lessening front seats can help reduce the severity of whiplash injury in certain rear end collisions.

12. Contact with the response center may not be available in all areas. Service Agreement required. A variety of subscription terms available; charges will vary. See Toyota.com for details.

13. Do not rely exclusively on the blind-spot monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection, range and clarity of the monitor. See *Owner's Manual* for details.

emergency fuel delivery. See Toyota dealer for details and exclusions. Valid only in the continental U.S. and Alaska.
