

2019 Highlander

At a Glance

For nearly 20 years, Highlander has made its way into the driveways and hearts of drivers. The versatile crossover offers a roomier interior for those looking for more space than RAV4 but aren't quite ready to tackle the road less traveled with 4Runner. With its high-tech fuel-saving technology like the available Stop and Start Engine System or hybrid powertrain, Highlander is made for efficient everyday driving, meaning fewer trips to the gas station and more time spent inside its comfortable cabin.

Design

- * Available LED Daytime Running Lights
- * Standard 18-in. or 19-in. alloy wheels[1]
- * Color-keyed heated power outside mirrors

Safety

- * Toyota Safety Sense™ P (TSS-P)[2]
- * Star Safety System™
- * 8 airbags[3]

Convenience

- * Entune™ Audio with up to 12 JBL®[4] speakers
- * Available rear parking assist sonar[5]
- * Available Blind Spot Monitor (BSM)[6] and Rear Cross-Traffic Alert (RCTA)[7]

Performance

- * Available 3.5-liter V6 engine produces 295 horsepower and 263 lb.-ft. of torque
- * Available electronic on-demand AWD system with intelligence (AWD-i)
- * Up to 5,000 lbs. maximum towing capacity[8]

New for 2019

Highlander SE is now available with the Nightshade Special Edition Package. Limited to 5,000 units, Nightshade adds a dash of black to exterior accents. Available in four colors – Midnight Black Metallic, Predawn Gray Mica, Salsa Red Pearl and Blizzard Pearl – this available package is bound to turn heads.

The Bottom Line

Around the turn of the century, Toyota set out to bring one of the first car-based mid-size crossovers to the market – and succeeded in doing so with the 2001 Highlander. And since the introduction of the third-generation Highlander in 2013, sales have continued to increase each year, proving that the need for this crossover remains higher than ever. Thanks to its third-row seating, available hybrid powertrain and 2018 Top Safety Pick from the Insurance Institute for Highway Safety[9], Highlander makes a strong argument for busy families all across the country. Plus, with standard Toyota Safety Sense™ P (TSS-P)[2] and ToyotaCare[10], it's no surprise that Highlander is among Toyota's best-selling models.

Awards

- 2018 Toyota Highlander was named one of the 12 Best Family Cars of 2018 by Kelley Blue Book's KBB.com.[11]

Key Features

LE

As the entry trim in the lineup, Highlander LE combines SUV utility with generous standard equipment like eight-passenger seating and numerous safety and convenience features.

- Five total USB ports[12]
- Entune™ Audio
- Toyota Safety Sense™ P (TSS-P)[2]

LE Plus

LE Plus improves on the LE trim by adding useful comfort and convenience features. LE Plus also includes Highlander's powerful 3.5-liter V6 engine as standard equipment.

- Stop and Start Engine System
- Three-zone automatic climate control
- Integrated fog lights

XLE

Highlander XLE takes the feature list a step further, offering the great standard safety features from the LE and LE Plus and adds driver convenience and in-cabin technology.

- Blind Spot Monitor[6] with Rear Cross-Traffic Alert[7]
- SofTex®-trimmed 60/40 split fold-flat third-row seat
- Smart Key System[13] with Push Button Start

SE

With its unique interior and exterior appointments, Highlander SE is the perfect choice for buyers looking for the ideal blend between the practicality of an SUV and the exciting looks of a sports car.

- LED Daytime Running Lights (DRL)
- 19-in. machined-faced alloy wheels with black finish[1]
- Dark-painted roof rails

Limited

Highlander Limited takes refined luxury and modern convenience a substantial step forward, thanks to its impressive list of high-tech driver assistance features.

- Rear parking assist sonar[5]
- Heated power outside mirrors with memory
- Integrated backup camera[14] with dynamic gridlines

Limited Platinum

With Limited Platinum, the Highlander experience is second to none. From connected safety to plush interior appointments, it offers the most advanced features available in the lineup.

- Panoramic moonroof
- Safety Connect®[15]
- Bird's Eye View Camera[16]

Hybrid LE

Highlander Hybrid LE takes the generous standard equipment found on Highlander LE and combines it with an efficient hybrid V6 engine and standard AWD-I drivetrain.

- Electronic On-Demand AWD system with intelligence (AWD-i)
- Hybrid blue accent badges
- Integrated backup camera[14] with projected path

Hybrid XLE

Highlander Hybrid XLE builds on Hybrid LE's standard feature list and adds noteworthy comfort and convenience equipment throughout its spacious three-row cabin.

- Entune™ Premium Audio with Integrated Navigation[17]
- Leather-trimmed front and second-row seats
- Driver Easy Speak

Hybrid Limited

With high-style appointments like LED lighting and flashy wheels, Highlander Hybrid Limited makes it clear that it's a high-end trim designed to stand out from the crowd.

- 19-inch Chromtec alloy wheels[1]
- Blue LED ambient lighting

- Perforated, heated and ventilated front row seats

Hybrid Limited Platinum

Hybrid Limited Platinum is truly the complete package featuring a premium assortment of great safety, comfort and convenience technology available in the Highlander lineup.

- Blind Spot Monitor[6] with Rear Cross-Traffic Alert[7]
- Rain-sensing windshield wipers
- Entune™ Premium JBL®[4] Audio

Disclaimers

1. 18-in. & 19-in. performance tires are often expected to experience greater tire wear than conventional tires. Tire life may be substantially less than mileage expectancy, depending on driving conditions.
2. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details.
3. All the airbag systems are Supplemental Restraint Systems. All airbags (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See Owner's Manual for additional limitations and details.
4. JBL is a registered trademark of Harman International Industries, Incorporated.
5. Front and Rear Parking Assist Sonar is designed to warn drivers of potential front and rear collisions at speeds of 9 mph or less. Certain vehicle and environmental factors, including an object's shape and composition, may affect the ability of the Front and Rear Parking Assist Sonar to detect it. Always look around outside the vehicle and use mirrors to confirm clearance. See Owner's Manual for additional limitations and details.
6. Do not rely exclusively on the blind spot monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See Owner's Manual for additional limitations and details.
7. Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See Owner's Manual for additional limitations and details.
8. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner's Manual. The maximum you can tow depends on base curb weight plus the total weight of any cargo, occupants, and added vehicle equipment. "Added vehicle equipment" includes additional standard/optional equipment and accessories added by the manufacturer, dealers, and/or vehicle owners. The only way to be certain of your vehicle's exact curb weight is to weigh your vehicle without passengers or cargo. Calculated with the new SAE J2807 method.
9. Insurance Institute for Highway Safety rating for 2018 Highlander, vehicle class Midsize SUV. For more details on 2018 Top Safety Pick Awards, see www.iihs.org.
10. ToyotaCare plan covers normal factory scheduled service for 2 years or 25K miles, whichever comes first. See Toyota dealer for details and exclusions. Valid only in the continental U.S. and Alaska.
11. For more information, visit Kelley Blue Book's KBB.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc.
12. May not be compatible with all mobile phones, MP3/WMA players and like models.
13. The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system.
14. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details.
15. Toyota Entune™ 3.0 services are dependent upon an operative telematics device, a cellular connection, navigation map data and GPS satellite signal reception, which can limit the ability to reach the response center or receive emergency support. Terms and conditions of subscriber agreement apply. To learn about Toyota Entune™ 3.0's data collection, use, sharing and retention, please visit www.toyota.com/privacyvts. Stolen vehicle police report required to use Stolen Vehicle Locator.
16. The Bird's Eye View Camera does not provide a comprehensive view of the area surrounding the vehicle. You should also look around outside your vehicle and use your mirrors to confirm surrounding clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details.
17. Availability & accuracy of the information provided by the navigation system is dependent upon many factors. Use common sense when relying on information provided. Services & programming subject to change. Services not available in every city or roadway. Updates may be available from your dealer at an additional cost. See Owner's Manual for details.
18. Headphones are for passenger use only. Do not use while operating vehicle.
19. PANDORA, the PANDORA logo, and the Pandora trade dress are trademarks or registered trademarks of Pandora Media, Inc., used with permission.
20. iPod is a registered trademark of Apple Inc. All rights reserved.
21. Advanced Voice Recognition capabilities vary by head unit.
22. Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you.
23. The Bluetooth word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Toyota is under license. A compatible Bluetooth enabled phone must first be paired. Phone performance depends on software, coverage and carrier.
24. Always drive safely, obey traffic laws and focus on the road while driving. Siri is available on select iPhone/iPad models and requires Internet access. Siri is not available in all languages or all areas and features vary by area. Some Siri functionality and commands are not accessible in the vehicle. Data charges may apply. See Apple.com and phone carrier for details. Siri is a registered trademark of Apple Inc.

25. The Scout GPS Link app is compatible with select vehicle models. Availability and accuracy of the information provided by Scout GPS Link is subject to change at any time without notice and is dependent upon many factors, including smartphone connectivity, capability and cellular reception. Always use safe driving practices and follow all traffic rules. Data charges may apply. Scout and Telenav are registered trademarks of Telenav, Inc. The Scout GPS Link trial is at no extra cost and begins when the app is downloaded on the vehicle. Contact the Toyota Customer Experience Center at 800-331-4331 for length of trial period. After the trial period expires, enrollment in a paid subscription is required to access the service. Terms and conditions apply.
26. SiriusXM audio services require a subscription sold separately by Sirius XM Radio Inc. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees and programming subject to change. Not all vehicles or devices are capable of receiving all services offered by SiriusXM. Current information and features may not be available in all locations, or on all receivers. ©2018 Sirius XM Radio Inc. SiriusXM and all related marks and logos are trademarks of Sirius XM Radio Inc.
27. HD Radio Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp.
28. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps & services subject to change. See Toyota.com/entune® for details.
29. EV Mode works under certain conditions at low speeds up to one mile. See Owner's Manual for details.
30. HomeLink and the HomeLink house icon are registered trademarks of Gentex Corporation.
31. Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors including road, weather and traffic conditions. See Owner's Manual for additional limitations and details.
32. Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual and audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details.
33. Brake Assist (BA) is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See Owner's Manual for additional limitations and details.
34. Smart Stop Technology operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. See Owner's Manual for additional limitations and details.
35. Downhill Assist Control is designed to help the driver maintain vehicle control and speed on steep, downhill descents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether DAC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details.
36. Hill-Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details.
37. Roadside Assistance coverage is 2 years unlimited mileage. Does not include parts and fluids, except emergency fuel delivery. See Toyota Dealer for details and exclusions. Valid only in the continental U.S. and Alaska.
38. Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details.
39. Vehicle Dynamics Integrated Management (VDIM) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VDIM will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details.
40. The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See Owner's Manual for details.
41. The TSS Pre-Collision System is designed to help avoid or reduce the crash speed and damage in certain frontal collisions only. It is not a substitute for safe and attentive driving. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details.
42. The Pedestrian Detection System, part of the Advanced Pre-Collision System, is designed to detect a pedestrian or bicyclist ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a collision avoidance system and is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrian or bicyclist and weather, light and road conditions. See Owner's Manual for additional limitations and details.
43. Automatic High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness requiring the driver to manually operate the high beams. See Owner's Manual for additional limitations and details.
44. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a Smart Key fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key/fob, it can be costly to replace. If you lose a key or fob, your Toyota dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.aloa.org.
45. Whiplash Injury Lessening front seats can help reduce the severity of whiplash injury in certain rear end collisions.

- 46. 2019 EPA-estimated mileage. Actual mileage will vary.
- 47. Cargo and load capacity limited by weight and distribution.
- 48. Payload Capacity is the calculation of GVWR minus curb weight and should be used for comparison purposes only. The maximum amount of passenger and cargo weight your vehicle can carry is the Load Carrying Capacity indicated on the label(s) on the driver's doorjamb.
