

2023 86

Top 5 Facts

- * New 10th Anniversary Edition
- * Boxer engine with 228 hp and 184 lb.-ft. of torque
- * 6-speed manual or 6-speed automatic transmission
- * Standard Active Safety Suite[1] (6AT only)
- * GR Digital Gauge Cluster and 8-in. touchscreen

What's New

GR86 arrives for 2023 with a new 10th Anniversary Special Edition grade. This variant is finished in the exclusive Solar Shift exterior color, which is complemented by black exterior accents, matte-black 18-inch alloy wheels, and a cat-back exhaust with black chrome-trimmed tips.

Quick Specs

- * 2.4L boxer engine with 228 hp and 184 lb.-ft. of torque
- * Available 6-speed manual transmission
- * Standard Active Safety Suite[1] on automatic transmission models
- * GR Digital Gauge Cluster with multiple modes
- * 8-in. touchscreen with Apple CarPlay®[2] and Android Auto™[3] compatibility

Awards

- 2022 Toyota GR86 is an Insurance Institute for Highway Safety **TSP+** with optional front crash protection.[13]
- 2022 Toyota GR86: Drivers' Choice Award - **Best Sport Coupe**

Key Features

GR86

GR86 is a pure sports car designed around the thrill of driving, featuring a perfect balance of performance, technology, and convenience. Plus, all GR86 models come with a complimentary 1-year NASA membership[4] that includes one free High-Performance Driving Experience (HPDE)[5].

- Boxer engine design for great balance and response
- GR digital gauge cluster
- 8-in. touchscreen with Apple CarPlay®[2] and Android Auto™[3] compatibility

GR86 Premium

The Premium grade enhances the GR86 formula not just with added aesthetic accents inside and out, but also some useful convenience functionality like adaptive lighting[7] and blind spot monitoring[6].

- 18-in. matte-black-painted alloy wheels
- Duckbill rear spoiler
- Blind Spot Detection (BSD)[6]

GR86 10th Anniversary Edition

2023 marks 10 years since GR86's first iteration hit the streets, and the 10th Anniversary Edition makes that point loud and clear with its throaty exhaust note, unique black exterior accents, and an interior enhanced with "Solar Shift" colored contrast stitching.

- Black GR wheels with black lug nugs
- GR cat-back exhaust with black chrome tips
- Back C-pillar graphic

Disclaimers

- GR86 Active Safety Suite effectiveness is dependent on many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See *Owner's Manual* for additional limitations and details.
- Requires compatible smartphone. Operability depends on network availability, a cellular connection and GPS signal. Services subject to change at any time without notice. Data charges may apply. To learn more, go to www.toyota.com/audio-multimedia/. To learn more about Toyota's connected services data collection, use, sharing and retention practices, please visit www.toyota.com/support/privacy-rights/. Apple CarPlay is a registered trademark of Apple Inc.
- Android Auto requires compatible smartphone. Operability depends on network availability, a cellular connection and GPS signal. Services subject to change at any time without notice. Data charges may apply. To learn more, go to www.toyota.com/audio-multimedia/. To learn more about Toyota's connected services data collection, use, sharing and retention practices, please visit www.toyota.com/support/privacy-rights/. To use Android Auto on your car display, you'll need an Android phone running Android 8 or higher, an active data plan, and the Android Auto app. Google, Android, Android Auto, YouTube Music and other marks are trademarks of Google LLC.
- NASA membership is non-transferable and expires 1 year after purchase of your GR vehicle. The 1-day High Performance Driving Event (HPDE) is included as a membership benefit and must be redeemed within 1 year from the time of purchase of your vehicle. NASA membership and complimentary HPDE are not redeemable for cash or any other offer.

5. Valid in U.S. only. For qualified drivers over 18 years of age, with a valid driver's license. Participation in high performance driving creates a risk of personal injury or death and may cause damage to your vehicle that is not covered by your insurance or warranty. Please refer to your insurance policy and your vehicle's Warranty and Maintenance Guide that describes the terms and conditions of Toyota's New Vehicle Limited Warranty coverage as well as general owner responsibilities.
6. Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See *Owner's Manual* for additional limitations and details.
7. The Adaptive Front-Lighting System helps improve night vision. Situations such as a dirty windshield, rapidly changing light conditions or hilly terrain may limit effectiveness requiring the driver to manually turn off the system. See *Owner's Manual* for additional limitations and details.
8. Extra-cost color.
9. Automatic High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness requiring the driver to manually operate the high beams. See *Owner's Manual* for additional limitations and details.
10. Trial length and service availability may vary by model, model year or trim. Service will automatically stop at the end of your trial subscription period unless you decide to continue service. If you do not wish to enjoy your trial, you can cancel by calling the number below. All SiriusXM® services require a subscription, each sold separately by SiriusXM after the trial period. Service subject to the SiriusXM Customer Agreement and Privacy Policy, visit www.siriusxm.com to see complete terms and how to cancel which includes calling 1-866-635-2349. Some services and features are subject to device capabilities and location availability. All fees, content and features are subject to change. SiriusXM, Pandora and all related logos are trademarks of Sirius XM Radio Inc. and its respective subsidiaries.
11. Safety Connect® depends on factors outside of Toyota's control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded, including access to response center and emergency support. Stolen vehicle police report required to use Stolen Vehicle Locator. Automatic Collision Notification activates only in limited circumstances. Requires app download/registration and subscription after trial (if applicable). Service subject to change at any time without notice. Terms of Use apply. Service may vary by vehicle and region. See usage precautions and service limitations in *Owner's Manual* and www.toyota.com/connected-services/ for additional details. To learn about Toyota's connected services data collection, use, sharing and retention practices, please visit www.toyota.com/privacyvts/. The Safety Connect® trial period (if applicable) is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Subscription required after trial to access the service.
12. Information provided is based on the last time data was collected from the vehicle and is not real time data. Service Connect depends on factors outside of Toyota's control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Service may vary by vehicle and region. Requires app download/registration and subscription after trial. Service subject to change at any time without notice. Terms of Use apply. Data charges may apply. See usage precautions and service limitations in *Owner's Manual* and www.toyota.com/connected-services/ for additional details. To learn about Toyota's connected services data collection, use, sharing and retention practices, please visit www.toyota.com/privacyvts/. Service Connect is not renewable as a stand-alone service and requires a subscription to any of Safety Connect®, Remote Connect or Drive Connect upon trial expiration. The Service Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Service Connect is not renewable as a stand-alone service and requires a subscription to any of Safety Connect®, Remote Connect or Drive Connect upon trial expiration.
13. Requires subscription to Remote Connect. Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space or vehicle is occupied by a child). Remote Connect depends on factors outside of Toyota's control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Digital Key also requires Bluetooth connectivity. Service may vary by vehicle and region. Requires app download and registration/subscription after trial (if applicable). Terms of Use apply. Data charges may apply. Remote start/stop not available on manual transmission-equipped vehicles. Services subject to change at any time without notice. See usage precautions and service limitations in Toyota *Owner's Manual* and www.toyota.com/connected-services/ for additional details. To learn about Toyota's connected services data collection, use, sharing and retention practices, please visit www.toyota.com/privacyvts/. The Remote Connect trial period (if applicable) is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Subscription required after trial to access the service. Terms of Use apply.
14. May not be compatible with all mobile phones, MP3/WMA players and like models.
15. Ultrasuede is a registered trademark of Toray Industries, Inc.
16. Adaptive Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors including road, weather and traffic conditions. See *Owner's Manual* for additional limitations and details.
17. This floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat must be secured with its fasteners. Do not install a floor mat on top of an existing floor mat.
18. Airbag systems are Supplemental Restraint Systems and are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See *Owner's Manual* for additional limitations and details.
19. The backup camera does not provide a comprehensive view of the rear area of the vehicle and you should also look around the vehicle, using mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details.
20. The Pre-Collision Braking System (PCBS) is designed to determine if impact is imminent and help reduce impact speed and damage in certain frontal collisions. PCBS is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as

speed, size and position of the vehicle and weather, light and road conditions. See *Owner's Manual* for additional limitations and details.

21. Brake Assist is designed to help the driver take advantage of ABS and is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See *Owner's Manual* for additional limitations and details.
22. Smart Stop Technology operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. See *Owner's Manual* for additional limitations and details.
23. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See *Owner's Manual* for additional limitations and details.
24. At speeds of 9 mph or less, Rear Parking Assist with Automated Braking (PA w/AB) is designed to assist drivers in avoiding potential collisions with nearby static objects when the vehicle is in Drive or Reverse and approaching crossing vehicles when the vehicle is in Reverse. Do not overly rely on PA w/AB. Always look around outside the vehicle and use mirrors to confirm clearance. Certain vehicle and environmental factors, including an object or vehicle's shape, size and composition, may affect the system's effectiveness. See *Owner's Manual* for additional limitations and details.
25. Lane Departure Warning is designed to read visible lane markers under certain conditions and provide visual and audible alerts when lane departure is detected. It is not a collision avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors, including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details.
26. Sway Warning is designed to provide a visual and audible alert if it detects a pattern of vehicle movement that might indicate driver inattention or drowsiness. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details.
27. The engine immobilizer is a state-of-the-art anti-theft system that is initiated when you insert your key into the ignition switch or bring a Smart Key fob into the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. The transponder chip is embedded in the key/fob and can be costly to replace. If you lose a key or fob, your Toyota dealer can help or go to www.aloa.org to find a qualified locksmith in your area who can perform high-security key service.
28. Hill Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details.
29. The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See *Owner's Manual* for additional limitations and details.
30. Torsen® is a registered trademark of JTEKT Torsen, Inc.
31. Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers.
32. ToyotaCare covers normal factory scheduled maintenance for two years or 25,000 miles, whichever comes first, and 24-hour Roadside Assistance is included for two years, unlimited mileage (Note: bZ4X, Mirai, Prius, Prius Prime, and RAV4 Prime include enhanced ToyotaCare and/or Roadside Assistance). Roadside Assistance limits towing distances and locations and does not include parts and fluids, except emergency fuel delivery for certain vehicles. Excludes rental company fleet sale vehicles. See your Toyota dealer for additional restrictions and exclusions. Valid only in the continental U.S.
33. Cargo and load capacity limited by weight and distribution. Always properly secure cargo and cargo area.
