

## KEY SELLING POINTS

1. Completely Redesigned for 2016
2. Fully Capable – Towing & Payload Performance
3. Total Connectivity
4. Redefines “Off-Road Ready” for a Pickup
5. Distinct Model for Every Lifestyle
6. Exceptional Value

## WHAT'S NEW

### DESIGN

- Completely redesigned exterior for 2016
- More aggressive, trophy-truck-like appearance with wide stance, raised beltline and a bold trapezoidal front grille that is unique to each grade
- Four new aluminum alloy wheels to replace the three existing wheels
- Three new bold exterior character colors—Quicksand (4V6), Blazing Blue Pearl (8T0) and Inferno (4X0)
- Totally upgraded interior featuring new interior fabric and accent colors
- Designed to provide quieter levels of NVH (Noise, Vibration and Harshness) for occupants
- Fiber-reinforced composite bed
- Standard Deck Rail System with tie-down cleats
- Standard rear-sliding glass
- 3-piece non-corrosive rear bumper

## COMFORT, CONVENIENCE, VERSATILITY

- Front Dual-Zone Climate Control
- 4.2-inch color TFT display in instrument cluster
- Entune™ Audio and Audio Plus systems come with 6.1-in. high resolution touch-screen displays; Entune™ Premium JBL® Audio comes with 7-in. display
- Qi-compatible wireless smartphone and mobile device charging pad<sup>1</sup>
- Standard GoPro® windshield mount<sup>2</sup>
- 8 standard airbags including driver and front passenger knee airbags and front and rear Roll-sensing Side Curtain Airbags (RSCA)<sup>3</sup>
- Standard back-up camera<sup>4</sup>
- Available Blind Spot Monitor (BSM) with Rear Cross-Traffic Alert (RCTA)<sup>27</sup>
- Available Rear Parking Assist Sonar<sup>6</sup>

## 2016 TACOMA

### COMPETITIVE COMPARISONS

## 2016 CHEVROLET COLORADO CREW CAB Z71 4WD (5'2" BED) WITH TRAILERING EQUIPMENT

### KEY ADVANTAGES

- Off-Road Capability: Tacoma 4WD models have a higher ground clearance (9.4-in. vs. 8.2-in.) and include engine and front suspension skid plates. Plus, with the TRD Off-Road Package, Tacoma features an off-road-tuned suspension with Bilstein® shock absorbers, electronically controlled locking rear differential, segment-first Multi-terrain Select and Crawl Control<sup>10</sup>.
- Utility: A standard Deck Rail System including four tie-down cleats and a fiber-reinforced Sheet-Molded Composite inner bed with storage compartments and rail caps gives Tacoma added utility. Colorado's deck rail system costs extra.
- Connectivity: Tacoma's available Entune® App Suite<sup>32</sup> offers added functionality with the ability to purchase movie tickets, make dinner reservations and much more all from the head unit. While Colorado has a larger touch-screen (8-in. vs. 6.1-in.), it doesn't offer any integrated apps.
- Safety: Tacoma has 8 standard airbags<sup>3</sup>—and uses ultra-high-strength steel to enhance rigidity and help protect passengers.

### 2016 CHEVROLET COLORADO CREW CAB Z71 4WD CHALLENGES

- More horsepower and torque
- Better estimated MPG ratings
- Higher towing capacity
- Standard OnStar® 4G LTE

Let's  
Go  
Places

## 2016 TACOMA

### COMPETITIVE COMPARISONS

## 2016 GMC CANYON CREW CAB SLT 4WD (5'2" BED)

### KEY ADVANTAGES

- Off-Road Performance: Tacoma TRD Off-Road has more off-road chops<sup>9</sup> thanks to its host of off-road features including Crawl Control<sup>10</sup>, Multi-terrain Select, Electronically-controlled locking differential and off-road tuned suspension<sup>9</sup> with Bilstein® shocks.
- Hauling: Tacoma comes with a standard fiber-reinforced Sheet-Molded Composite (SMC) inner bed with steel outer panels. Canyon comes standard with only a metal bed and available spray-in bedliner.
- Comfort & Convenience: Tacoma offers occupants an available power tilt/slide moonroof, Front Dual-Zone Climate Control and a Qi-compatible<sup>1</sup> wireless smartphone and mobile device charging pad—none of which are available on the Canyon.
- Safety: Tacoma comes with 8 standard airbags<sup>3</sup>. Canyon has 6.

### 2016 CANYON CREW CAB SLT 4WD CHALLENGES

- More horsepower and torque
- Better estimated MPG ratings
- Higher towing capacity

## 2016 TACOMA

### COMPETITIVE COMPARISONS

## 2016 NISSAN FRONTIER SL 4X4 CREW CAB

### KEY ADVANTAGES

- Off-Road: Tacoma TRD Off-Road comes standard with Multi-terrain Select and Crawl Control<sup>10</sup>, no similar features are offered on the Frontier
- Brand New Design: The third-generation Tacoma has been completely redesigned and re-engineered, whereas the 2016 Frontier has largely been unchanged since 2005
- Safety: Tacoma has 8 standard airbags<sup>3</sup> (vs. 6 in the Frontier), the most in the segment, and uses ultra-high-strength steel to enhance rigidity and help protect passengers.
- Lower Predicted Ownership Costs: According to IntelliChoice<sup>®33</sup>, Tacoma owners may save thousands of dollars over five years of ownership vs. Frontier.

### 2016 NISSAN FRONTIER SL 4X4 CREW CAB CHALLENGES

- More Torque: 281 lb.-ft. @ 4000 rpm than Tacoma (265 lb.-ft. @ 4600 rpm); tighter turning circle (43.3 ft. vs. Tacoma's 44.1 ft.)
- Off-Road Angles: Frontier has a slight better dimensions in ground clearance (Frontier 4x4 has 10.1" and 4x2 has 9.8" vs. Tacoma's 9.4") and approach angle (32.6 degrees vs. Tacoma's 32.0 degrees)
- Warranty: Longer period no-cost 24/7 roadside assistance (3 years/36,000 miles) than Tacoma (2 years/unlimited miles)

## DISCLAIMERS

- 1 Qi wireless charging may not be compatible with all mobile phones, MP3/WMA players and like models.
- 2 GoPro® mount on the windshield is to be used with GoPro HERO cameras. GoPro® camera not included. GOPRO, HERO, the GOPRO logo, and the GoPro Be a Hero logo are trademarks or registered trademarks of GoPro, Inc. Prototype shown with options. Production model may vary.
- 3 All the airbag (AB) systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating AB may cause serious injury or death. See your Owner's Manual for further information/warnings.
- 4 The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will limit effectiveness and view may become cloudy.
- 5 Do not rely exclusively on the blind-spot monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection, range and clarity of the monitor. For a complete list of limitations and directions, please see the Owner's Manual.
- 6 Do not exclusively rely on the Parking Assist Sonar system. Always look over your shoulder and use your mirrors to confirm clearance. System effectiveness depends on many factors. See Owner's Manual for details.
- 7 Manufacturer's Suggested Retail Price, excludes the Delivery, Processing and Handling Fee of \$835 for Cars, \$900 for Small/Light Trucks (Sienna, RAV4, Highlander Gas, Highlander HV, 4Runner, Tacoma and Venza), \$1195 for Large Trucks (Tundra), and \$995 for Large SUVs (Sequoia and Land Cruiser). (Historically, vehicle manufacturers and distributors have charged a separate fee for processing handing and delivering vehicles to dealerships. Toyota's charge for these services is called the "Delivery, Processing and Handling Fee" and is based on the value of the processing, handing and delivery services Toyota provides as well as Toyota's overall pricing structure. Toyota may make a profit on the Delivery, Processing and Handling Fee.) Excludes taxes, license, title and available or regionally required equipment. The Delivery, Processing and Handling Fee in AL, AR, FL, GA, LA, MS, NC, OK, SC and TX will be higher. Actual dealer price will vary.
- 8 The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Toyota is under license. A compatible Bluetooth enabled phone must first be paired. Phone performance depends on software, coverage & carrier.
- 9 The 2016 Tacoma is designed to meet most off-road driving requirements, but off-roading is inherently dangerous. Abusive use may result in bodily harm or vehicle damage. Toyota encourages responsible operation to help protect you, your vehicle and the environment. Seatbelts should be worn at all times.
- 10 Crawl Control is designed for driving on difficult terrain at low speeds. It assists the driver by controlling acceleration and braking, allowing the driver to focus on steering. Toyota 4x4s are designed to meet most off-road driving requirements, but off-roading is inherently dangerous. Always wear seatbelts.
- 11 The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See your Owner's Manual for details.
- 12 Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your Owner's Manual for further details.
- 13 Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance, tire and road conditions.
- 14 Smart Stop Technology operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop

## DISCLAIMERS

- Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. Please see your Owner's Manual for further details.
- 15 HAC is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See Owner's Manual for details.
- 16 Active front headrests can help reduce the extent of whiplash in certain types of rear-end collisions.
- 17 The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See your Owner's Manual for details.
- 18 iPod® is a registered trademark of Apple, Inc. All rights reserved.
- 19 Always drive safely, obey traffic laws & focus on the road while driving. Siri® is available only on iPhone® 4s, or later iPad® w/Retina display, iPad® mini, & iPod® touch (5th gen.) & requires Internet access. Siri® is not available in all languages or all areas & features vary by area. Some Siri® functionality & commands are not accessible in the vehicle. Data charges may apply. See Apple.com & phone carrier for details. Siri® is a registered trademark of Apple Inc.'s.
- 20 Scout® is a registered trademark of Telenav, Inc.
- 21 SiriusXM services require a subscription after 3-month trial period. Subscriptions governed by SiriusXM™ Customer Agreement available at SiriusXM.com. If you decide to continue your SiriusXM™ service at the end of your complimentary trial, the plan you choose will automatically renew and bill at then-current rates unless you call 1-866-635-2349 to cancel. Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C.
- 22 HD Radio™ Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp.
- 23 Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner's Manual. The maximum you can tow depends on the total weight of any cargo, occupants and available equipment.
- 24 2016 EPA-MPG estimates. Actual mileage will vary.
- 25 The Smart Key system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system.
- 26 Covers normal factory scheduled service for 2 years or 25K miles, whichever comes first. See Toyota dealer for details and exclusions. Valid only in the continental U.S. and Alaska.
- 27 Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the system. To learn more, see Owner's Manual.
- 28 The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a Smart Key fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key/fob, it can be costly to replace. If you lose a key or fob, your Toyota dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting [www.aloa.org](http://www.aloa.org).
- 29 Advanced Voice Recognition capabilities vary by head unit.
- Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you.
- 30 Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you.
- 31 Availability & accuracy of the information provided by the navigation system is dependent upon many factors. Use common sense when relying on information provided. Services & programming subject to change. Services not available in every city or roadway. Updates may be available from your dealer at an additional cost. See your navigation system Owner's Manual for details.

## DISCLAIMERS

- 32 Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps & services subject to change. See [Toyota.com/entune®](http://Toyota.com/entune®) for details.
