

2022 GR Supra

Top 5 Facts

- * Four grades: 2.0, 3.0, 3.0 Premium, and A91-CF Edition
- * Choice of 2.0L 4-cyl. turbo or 3.0L 6-cyl. turbo engines
- * 600-unit limited-availability A91-CF Edition
- * Available active rear sport differential and Adaptive Variable Sport (AVS) suspension
- * Complimentary 1-year National Auto Sport Association (NASA) membership[1] and High Performance Driving Event (HPDE)[18]

What's New

- * A91-CF Edition limited production grade
- * Heated seats on 3.0
- * Available red leather-trimmed interior on 3.0 Premium
- * Available full-screen, wireless Apple CarPlay®[2] compatibility

Quick Specs

- * Standard 255-hp 4-cyl. turbo engine[3]
- * Available 382-hp 6-cyl. turbo engine[3]
- * 0-60 mph in 3.9 secs (3.0 models)[4]
- * 155 mph electronically controlled top track speed
- * Front engine, rear-wheel drive (RWD)
- * Near 50:50 weight distribution

Awards

- 2021 Toyota GR Supra: Drivers' Choice Award - Best Sport Coupe

Models

Model Code	Trim Name	Full Name	Engine
2370	2.0	2.0	2.0L 4-Cyl.

2372	3.0	3.0	3.0L 6-Cyl.
2374	3.0 Premium	3.0 Premium	3.0L 6-Cyl.
2378	A91-CF Edition	A91-CF Edition	3.0L 6-Cyl.

Key Features

2.0

With a potent 255-horsepower four-cylinder turbocharged engine under the hood, the legendary Supra packs performance and standard tech, including a crisp 8.8-inch touchscreen, dual-zone automatic climate control, and several active safety systems.

- LED headlights and taillights
- 18-in. cast alloy wheels
- 8.8-in. full-digital gauge cluster

3.0

Thanks to its lively 382-horsepower six-cylinder turbocharged engine up front, GR Supra 3.0 launches from zero to 60 in under four seconds[4] and can quickly slow down in the corners too with its beefy Brembo™[5] 4-piston front brakes.

- Adaptive Variable Sport (AVS) suspension
- 19-in. forged alloy wheels
- 10-speaker sound system

3.0 Premium

As the name implies, 3.0 Premium ups the ante with a wide array of comfort and convenience features – from heated seats to a full-color Head-Up Display (HUD) – making this sports car even more desirable.

- Wireless Apple CarPlay®[1] compatibility
- 12-speaker JBL®[6] sound system
- Qi-compatible wireless charging[7]

A91-CF Edition

Adorned in lightweight carbon fiber – like the front splitter, side rockers, canards, and rear spoiler – A91-CF Edition has the extra downforce needed to help keep this sports coupe on track.

- Limited to 600 units
- 19-in. forged matte-black alloy wheels
- Black/Red Alcantara®/leather-trimmed sport seats

- Qi wireless charging may not be compatible with all mobile phones, MP3/WMA players and like models. When using the wireless charging system avoid placing metal objects between the wireless charger and the mobile device when charging is active. Doing so may cause metal objects to become hot and could cause burns.
- Extra-cost color.
- Dynamic Radar Cruise Control (DRCC) is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors including road, weather and traffic conditions. See Owner's Manual for additional limitations and details.
- Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See Owner's Manual for additional limitations and details.
- Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See Owner's Manual for additional limitations and details.
- The Parking Sensors system is designed to assist drivers in avoiding potential collisions at very slow speeds. Certain vehicle and environmental factors, including an object's shape and composition, may affect the ability of the Parking Sensors system to detect it. Always look around outside the vehicle and use mirrors to confirm clearance. See Owner's Manual for additional limitations and details.
- Available on select GR Supra models. Includes a 4-year trial period. Subscription required after trial. Service depends on an operative telematics device, a cellular connection, navigation map data and GPS signal strength, and other factors, all of which can limit service functionality or availability. Service not available in every city or roadway. Use common sense when relying on

information provided. Service subject to change at any time without notice. For service details and limitations, see your Navigation System Owner's Manual and www.supraconnect.com.

14. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times.
15. Available on select GR Supra models. Includes a 4-year trial period, except Roadside Assistance which is a 2-year period. Subscription required after trial. Services are dependent upon an operative telematics device, a cellular connection, navigation map data, GPS signal strength, and other factors, all of which can limit system functionality or availability, including access to response center and emergency support. Stolen vehicle police report required for use of Stolen Vehicle Recovery. Apps and services subject to change at any time without notice. Data charges may apply. For service details and limitations, see your Owner's Manual and www.supraconnect.com, and to learn about Supra Connect data collection, use, sharing and retention practices, visit Supra Connect Terms & Conditions.
16. Available on select GR Supra models. Includes a 4-year trial period. Subscription required after trial. Services depend on an operative telematics device, a cellular connection, GPS signal strength, and other factors, all of which can limit system functionality or availability. Services subject to change at any time without notice. Data charges may apply. For service details and limitations, see your Owner's Manual and www.supraconnect.com, and to learn about Supra Connect data collection, use, sharing and retention practices, please visit Supra Connect Terms & Conditions.
17. Available on select GR Supra models. Includes 4-year trial period for Battery Guard. Subscription required after trial. 24-hour Roadside Assistance is also included for two years, unlimited mileage. Roadside Assistance does not include parts and fluids, except emergency fuel delivery. Services depend on an operative telematics device, a cellular connection, and other factors, all of which can limit system functionality or availability. Services may vary by region and are subject to change at any time without notice. Data charges may apply. For service details and limitations, see your Owner's Manual and www.supraconnect.com.
18. Available on select GR Supra models. Includes a 4-year trial period. Subscription required after trial. Navigation must be functioning, and destination entered for service to function. Service depends on an operative telematics device, a cellular connection, GPS signal strength, and other factors, all of which can limit system functionality or availability. Services not available in every city or roadway. Use common sense when relying on information provided. Service subject to change at any time without notice. For service details and limitations, see your Navigation System Owner's Manual and www.supraconnect.com.
19. Available on select GR Supra models. Subscription required after trial. Service depends on an operative telematics device, a cellular connection, navigation map data, GPS signal strength, and other factors, all of which can limit service functionality or availability, including access to response center and emergency support. Service subject to change at any time without notice. For service details and limitations, see your Owner's Manual and www.supraconnect.com.
20. Available on select GR Supra models. Includes a 4-year trial period. Map updates based on your current North American region. If you relocate to a new region, the user region will be updated automatically after 45 days in that region. You can also visit your Supra dealer to have your map data manually updated, which may be at an additional cost to you. Map updates unavailable upon the expiration of the trial period. Subscription required after trial, which provides up to 4 map updates per year. Service subject to change at any time without notice. Data charges may apply. For service details and limitations, see your Navigation System Owner's Manual and www.supraconnect.com.
21. The *Bluetooth* word mark and logos are registered trademarks owned by *Bluetooth SIG, Inc.* and any use of such marks by Toyota is under license. A compatible *Bluetooth* enabled phone must first be paired. Phone performance depends on software, coverage and carrier.
22. May not be compatible with all mobile phones, MP3/WMA players and like models.
23. Trial length and service availability may vary by model, model year or trim. Service will automatically stop at the end of your trial subscription period unless you decide to continue service. If you do not wish to enjoy your trial, you can cancel by calling the number below. All SiriusXM services require a subscription, each sold separately by SiriusXM after the trial period. **Service subject to the SiriusXM Customer Agreement and Privacy Policy, visit www.siriusxm.com to see complete terms and how to cancel which includes calling 1-866-635-2349.** Some services and features are subject to device capabilities and location availability. All fees, content and features are subject to change. SiriusXM, Pandora and all related logos are trademarks of Sirius XM Radio Inc. and its respective subsidiaries.
24. Voice recognition capabilities vary by head unit.
25. Alcantara is a registered trademark of Alcantara S.p.A.
26. Airbag systems are Supplemental Restraint Systems and are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See Owner's Manual for additional limitations and details.
27. Brake Assist is designed to help the driver take advantage of ABS and is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See Owner's Manual for additional limitations and details.
28. When the system is on, Automatic Electric Parking Brake is designed to automatically engage the Electric Parking Brake under limited conditions. It may not hold the vehicle under all conditions and does not function when the vehicle is in Reverse. Automatic Electric Parking Brake is not a substitute for manual use of the Electric Parking Brake. See Owner's Manual for additional limitations and details.
29. The Pedestrian Detection system is designed to detect a pedestrian or bicyclist ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrian or bicyclist, and weather, light and road conditions. See Owner's Manual for additional limitations and details.
30. The Pre-Collision System (PCS) with Pedestrian Detection (PD) is designed to determine if impact is imminent and help reduce impact speed and damage in certain frontal collisions involving a vehicle, or a pedestrian. PCS w/PD is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrian and weather, light

and road conditions. See Owner's Manual for additional limitations and details.

31. Launch Control is not intended for use on public roads or for repeated short interval use. See Owner's Manual for additional limitations and details.
32. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details.
33. The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system.
34. The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See Owner's Manual for additional limitations and details.
35. Rated for 12 volts/10 amps. See Owner's Manual for additional limitations and details.
36. The engine immobilizer is a state-of-the-art anti-theft system that is initiated when you insert your key into the ignition switch or bring a Smart Key fob into the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. The transponder chip is embedded in the key/fob and can be costly to replace. If you lose a key or fob, your Toyota dealer can help or go to www.aloa.org to find a qualified locksmith in your area who can perform high-security key service.
37. Automatic High Beams are activated under specific conditions. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See Owner's Manual for additional limitations and details.
38. Hill Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details.
39. Lane Departure Warning with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual and audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details.
40. ToyotaCare covers normal factory scheduled maintenance for two years or 25,000 miles, whichever comes first. Certain models require a different maintenance schedule as described in their *Maintenance Guide*. 24-hour Roadside Assistance is also included for two years, unlimited mileage. Roadside Assistance does not include parts and fluids, except emergency fuel delivery. See Toyota dealer for details and exclusions. Valid only in the continental U.S.
41. Cargo and load capacity limited by weight and distribution. Always properly secure cargo and cargo area.
42. Tire life may be substantially less than mileage expectancy, depending on driving conditions.
43. The backup camera does not provide a comprehensive view of the rear area of the vehicle and you should also look around the vehicle, using mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details.
44. Valid in U.S. only. For qualified drivers over 18 years of age, with a valid driver's license. Participation in high performance driving creates a risk of personal injury or death and may cause damage to your vehicle that is not covered by your insurance or warranty. Please refer to your insurance policy and your vehicle's Warranty and Maintenance Guide that describes the terms and conditions of Toyota's New Vehicle Limited Warranty coverage as well as general owner responsibilities.
