

2020 86

At a Glance

- * 2.0-liter four-cylinder engine
- * Six-speed manual or automatic transmission
- * Torsen Limited-Slip Differential (LSD)
- * Sport-tuned independent suspension
- * 17-in. twisted-spoke alloy wheels[1]
- * Dual chrome-tipped exhaust

New for 2020

In addition to Pavement, a new dark gray color, as well as standard Apple CarPlay®[2] and Android Auto™[3] compatibility on all grades, 86 and 86 GT are now available with the performance-enhancing TRD Handling Package, while the limited Hakone Edition replaces last year's TRD Special Edition as the top-of-the-line model:

TRD Handling Package

- * 18-in. split-spoke alloy wheels with Michelin Pilot Sport 4 summer tires[1]
- * Brembo front and rear ventilated disc brakes
- * SACHS performance dampers
- * Underbody aerodynamic panel

Hakone Edition

- * Limited production: 1,055 units
- * Hakone green paint
- * 17-in. bronze twisted-spoke alloy wheels[1]
- * Tan leather with black Alcantara inserts and black contrast stitching

Key Features

86

86 starts off with sports car essentials like a Torsen Limited-Slip Differential (LSD) and a six-speed transmission to help get its live engine – and your heart – pumping.

- Apple CarPlay®[2] and Android Auto™[3] compatibility
- Sport-tuned suspension
- Torsen Limited-Slip Differential (LSD)

86 GT

With comfort and convenience in mind, 86 GT refines an already sporty offering, providing the driver with the confidence needed to help focus on the asphalt ahead.

- LED fog lights
- Smart Key System[4] with Push Button Start
- Dual-zone automatic climate control

86 Hakone Edition

Named after one of Japan's most famous driving roads, Hakone Edition's eye-catching color combination gives 86 a timeless look, both inside and out.

- Hakone green paint
- 17-in. bronze twisted-spoke alloy wheels[1]
- Tan leather with black Alcantara inserts and black contrast stitching

Disclaimers

1. 17-in. & 18-in. performance tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than mileage expectancy, depending on driving conditions.
2. Apps and services are subject to change at any time without notice. Data charges may apply. Apple CarPlay® functionality requires a compatible iPhone® tethered with an approved data cable into the USB media port. Apple CarPlay is a trademark of Apple Inc.
3. Vehicle user interface is a product of Google and its terms and privacy statement apply. Requires compatible smartphone and data plan rates apply. Android and Android Auto are trademarks of Google.
4. The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system.
5. JBL is a registered trademark of Harman International Industries, Inc.
6. May not be compatible with all mobile phones, MP3/WMA players and like models.
7. Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you.
8. The *Bluetooth* word mark and logos are registered trademarks owned by *Bluetooth SIG, Inc.* and any use of such marks by Toyota is under license. A compatible *Bluetooth* enabled phone must first be paired. Phone performance depends on software, coverage and carrier.
9. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details.
10. This floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat [liner] must be secured with its fasteners. Do not install a floor mat on top of an existing floor mat.
11. Airbag systems are Supplemental Restraint Systems and are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See Owner's Manual for additional limitations and details.
12. Brake Assist is designed to help the driver take advantage of ABS and is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See Owner's Manual for additional limitations and details.
13. Smart Stop Technology operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. See Owner's Manual for additional limitations and details.
14. The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See Owner's Manual for additional limitations and details.
15. The engine immobilizer is a state-of-the-art anti-theft system that is initiated when you insert your key into the ignition switch or bring a Smart Key fob into the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. The transponder chip is embedded in the key/fob and can be costly to replace. If you lose a key or fob, your Toyota dealer can help or go to www.aloa.org to find a qualified locksmith in your area who can perform high-security key service.
16. Hill Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details.
17. 2020 EPA-estimated mileage. Actual mileage will vary.
18. ToyotaCare plan covers normal factory scheduled service for 2 years or 25K miles, whichever comes first. See Toyota dealer for details and exclusions. Valid only in the continental U.S. and Alaska.
19. ToyotaCare Roadside Assistance coverage is 2 years unlimited mileage. Does not include parts and fluids, except emergency fuel delivery. See Toyota Dealer for details and exclusions. Valid only in the continental U.S. and Alaska.
20. Cargo and load capacity limited by weight and distribution. Always properly secure cargo and cargo area.
21. The backup camera does not provide a comprehensive view of the rear area of the vehicle and you should also look around the vehicle, using mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details.
