

# 2018 86

## At a Glance

At its core, 86 is a driver's car, conceived with the singular mission of delivering an unparalleled driving experience. The elemental nature of 86 is palpable in every interaction between the steering wheel and hands, and pedals and feet. Each aspect of the car is carefully honed by engineers who imbued the 86 with the sporting characteristics to create its own legacy, even within a Toyota history loaded with memorable performance icons.

## New for 2018

86 crosses the 2018 starting line with not one, but two new trims: 86 GT and new top-of-the-line 86 GT Black. Both trims lend a premium feel that complements 86's athletic nature. 86 gains a new limited-production color across the entire lineup in the solid-grey Thunder.

### Design

- \* GT and GT Black gain a leather sport steering wheel with silver contrast stitching and audio and MID controls, premium interior materials including Granlux instrument cluster hood and heated seats with Granlux suede-like inserts and leather side bolsters
- \* On the exterior, GT and GT Black get LED fog lights from the outgoing 860 Special Edition, an underbody aerodynamic panel, and a matte black rear wing

### Technology

- \* The backup camera<sup>[1]</sup> display is now integrated into the rearview mirror
- \* GT and GT Black trims now feature Smart Key<sup>[2]</sup> with Push Button Start, dual-zone automatic climate control, and a 4.2-in. Multi-Information Display that includes a G-force circle, RPM and power curves, a stopwatch function, and other sports-oriented data.

## The Bottom Line

Genuine sports car fun can be had in the 86 without paying outlandish sports car pricing. With its hard top, two-plus-two design, lightweight boxer engine and superior driving dynamics, 86 pulls ahead of the competition not just on the race track, but in the real-world battle for value.

## Awards

- The (2017) 86 received a 2017 5-Year Cost to Own Award from Kelley Blue Book's KBB.com[3]

## Key Features

### 86

Even in its most base trim, 86 brings its elemental driving experience to the table, aided by LED lights to promote better nighttime illumination and a leather-trimmed steering wheel that fits perfectly in the hands – at the prescribed nine and three positions, of course.

- LED high/low-beam headlights and turn signals embossed with “86” logo
- Auto-dimming rearview mirror with integrated backup camera[1] display
- Leather-trimmed tilt-telescoping steering wheel with silver contrast stitching

### 86 GT

86 GT gains track-worthy premium features inside and out, all with an emphasis on contributing to the driver experience.

- LED fog lights
- Smart Key System[2] with Push Button Start
- 4.2-in. Multi-Information Display, featuring a stopwatch lap timer, RPM readout, power curves and a G-force circle

# 86 GT Black

86 GT Black takes all of the premium-focused aspects of 86 GT and further distinguishes itself with distinctive appearance features.

- Matte black rear wing with aero end plates in Raven black finish
- Heated exterior mirrors with Raven black finish
- Two-stage heated sport seats with leather bolsters and Granlux suede-like inserts with silver contrast stitching.

1. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details.
2. The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system.
3. 2017 model-year vehicle's projected cost to own for the initial five-year ownership period is based on the average Kelley Blue Book 5-Year Cost to Own data which considers depreciation and costs such as fuel and insurance. For more information, visit [www.KBB.com](http://www.KBB.com).
4. Availability & accuracy of the information provided by the navigation system is dependent upon many factors. Use common sense when relying on information provided. Services & programming subject to change. Services not available in every city or roadway. Updates may be available from your dealer at an additional cost. See Owner's Manual for details.
5. iPod® is a registered trademark of Apple Inc. All rights reserved.
6. Advanced Voice Recognition capabilities vary by head unit.
7. Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you.
8. The *Bluetooth*® word mark and logos are registered trademarks owned by *Bluetooth* SIG, Inc. and any use of such marks by Toyota is under license. A compatible *Bluetooth* enabled phone must first be paired. Phone performance depends on software, coverage & carrier.
9. HD Radio™ Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp.
10. 17-in. performance tires are often expected to experience greater tire wear than conventional tires. Tire life may be substantially less than mileage expectancy, depending upon tires used and driving conditions.
11. All the airbag systems are Supplemental Restraint Systems. All airbags (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See Owner's Manual for additional limitations and details.
12. The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See Owner's Manual for details.
13. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details.
14. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See Owner's Manual for additional limitations and details.
15. At speeds greater than five miles per hour, when the accelerator is depressed first and the brakes are then applied firmly for longer than one-half second, Smart Stop Technology is designed to help the driver bring the vehicle to a stop. Smart Stop Technology operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. See Owner's Manual for details.
16. Hill-Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details.
17. 2018 EPA-estimated mileage. Actual mileage will vary.
18. Covers normal factory scheduled service for 2 years or 25K miles, whichever comes first. See Toyota dealer for details and

exclusions. Valid only in the continental U.S. and Alaska.

19. Roadside Assistance coverage is 2 years unlimited mileage. See Toyota dealer for details and exclusions. Valid only in the continental U.S. & Alaska.
20. Cargo and load capacity limited by weight and distribution.
