

2018 Tundra

At a Glance

Proudly assembled in the U.S.A., Tundra is a true full-size pickup truck that comes complete with Toyota's legendary dependability and build quality. In fact, according to a 2016 Polk research study, over 90% of all Tundras sold in the last 15 years are still on the road[1].

The Tundra lineup includes multiple cab, bed, engine and drivetrain configurations that span over 30 different models. From tough work truck to luxurious commuter, there's a Tundra for everyone.

New for 2018

Tundra enters 2018 with a revised model lineup, a refreshed look and a handful of important updates and additions to the truck's already-impressive list of safety and driver assistance systems. Additionally, a new TRD Sport trim is expected to join the lineup this fall.

Enhanced Design

- * Revised front fascia
- * LED daytime running lights
- * Cavalry Blue paint color
- * 4.0-in. Multi-Information Display

Toyota Safety Sense™ P**_{TM}**

- * Pre-Collision System[2] with Pedestrian Detection[3]
- * Lane Departure Alert[4]
- * Automatic High Beams[5]
- * Dynamic Radar Cruise Control[6]

TRD Sport

- * Aggressive hood scoop
- * Unique front fascia
- * LED headlights
- * TRD-tuned suspension

The Bottom Line

By the time many trucks are configured to match their claims, they'll have a lengthy list of extra-cost options added, which can drastically bloat pricing. Tundra, on the other hand, stands out by including most features as standard equipment. Combine this inclusive build mentality with Toyota's reputation for quality, durability and reliability, and it becomes clear that Tundra is a heavy hitter when it comes to full-size value.

Awards

- 2018 Toyota Tundra – Best Resale Value: Top 10[7]
- 2018 Tundra is Made in America[8]

Key Features

SR

Only offered in Double Cab configuration, but can be equipped with a long bed and four-wheel drive. The quintessential truck for no frills hard work.

- Toyota Safety Sense™ P[14]
- Available all-weather flooring
- Available vinyl seating surfaces

SR5

Available in 16 different configurations (including Flex Fuel models), SR5 is the bread and butter of the Tundra line. Includes noteworthy upgrades to comfort and convenience functionalities.

- Entune™ Audio Plus with Connected Navigation[15] App
- Steering wheel audio controls
- Voice command controls

Limited

Only offered with the larger 5.7-liter V8, Tundra Limited takes the work truck up to luxury level with unique upscale features like integrated navigation[16] and dual-zone climate control.

- Chrome heated power outside mirrors
- Entune™ Premium Audio with Integrated Navigation[16]
- Dual-zone automatic climate control

Platinum

Tundra Platinum is outfitted with a CrewMax cab and short bed, and is designed for buyers looking to blend utility with luxury – right down to its plush perforated leather front seats.

- Leather-trimmed, heated/cooled front seats
- 12-way power-adjustable driver's seat
- 20-in. premium six-spoke wheels

1794 Edition

The 1794 Edition builds on Tundra Platinum to make the ultimate full-size truck. Includes upgraded interior materials, as well as unique trim and accents both inside and out.

- Premium interior trim
- Chrome grille and gray lower front bumper
- Available front skid plate

Disclaimers

1. Based on IHS Markit Vehicles In Operation as of July 2016 for Model Years 2007-2016 vs. Total New Registrations for those vehicles.
2. The TSS Pre-Collision System is designed to help avoid or reduce the crash speed and damage in certain frontal collisions only. It is not a substitute for safe and attentive driving. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details.
3. The Pedestrian Detection System is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians and weather, light and road conditions. See *Owner's Manual* for additional limitations and details.
4. Lane Departure Alert is designed to read visible lane markers under certain conditions, and provide visual and audible alerts when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details.
5. Automatic high beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness requiring driver to manually operate the high beams. See *Owner's Manual* for additional limitations and details.
6. Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on road, weather and traffic conditions. See *Owner's Manual* for additional limitations and details.
7. Vehicle's projected resale value is specific to the 2018 model year. For more information, visit Kelley Blue Book's KBB.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc.
8. Assembled in Texas with U.S. and globally sourced parts.
9. 2017 IntelliChoice, www.IntelliChoice.com; Full-Size Pickup LD, CrewMax models only. Based on 2017 model year study.
10. 2017 IntelliChoice, www.IntelliChoice.com; Full-Size Pickup LD, Double Cab models only. Based on 2017 model year study.
11. Assembled in Texas with U.S. and globally sourced parts.
12. Roadside Assistance coverage is 2 years unlimited mileage. See Toyota Dealer for details and exclusions. Valid only in the Continental U.S. & Alaska.
13. Payload Capacity is the calculation of GVWR minus curb weight and should be used for comparison purposes only. The maximum amount of passenger and cargo weight your vehicle can carry is the Load Carrying Capacity indicated on the label(s) on the driver's doorjamb.
14. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details.
15. Availability & accuracy of the information provided by Scout® GPS Link is dependent upon many factors. Use common sense when relying on information provided. Services & programming subject to change. Services not available in every city or roadway. See Toyota.com/entune for details. Scout® is a registered trademark of Telenav, Inc.
16. Availability & accuracy of the information provided by the navigation system is dependent upon many factors. Use common sense when relying on information provided. Services & programming subject to change. Services not available in every city or roadway. Updates may be available from your dealer at an additional cost. See *Owner's Manual* for details.
17. iPod® is a registered trademark of Apple, Inc. All rights reserved.
18. Advanced Voice Recognition capabilities vary by head unit.
19. Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you.
20. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Toyota is under license. A compatible Bluetooth enabled phone must first be paired. Phone performance depends on software, coverage & carrier.
21. Always drive safely, obey traffic laws & focus on the road while driving. Siri® is available on select iPhone/iPad models & requires Internet access. Siri® is not available in all languages or all areas & features vary by area. Some Siri® functionality & commands are not accessible in the vehicle. Data charges may apply. See Apple.com & phone carrier for details. Siri® is a registered trademark of Apple Inc.'s.
22. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps & services subject to change. See Toyota.com/entune for details.
23. HD Radio™ Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp.
24. SiriusXM® services require a subscription after a 3-month trial period. Subscriptions governed by SiriusXM® Customer Agreement available at SiriusXM.com. **If you decide to continue your SiriusXM® service at the end of your complimentary trial, the plan you choose will automatically renew and bill at then-current rates unless you call 1-866-635-2349 to cancel.** Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C.
25. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details.
26. Do not rely exclusively on the blind-spot mirror. Always look over your shoulder and use your turn signal. There are limitations to the

- function, detection and range of the mirror. See *Owner's Manual* for additional limitations and details.
- 27. 18-in. & 20-in. performance tires are often expected to experience greater tire wear than conventional tires. Tire life may be substantially less than mileage expectancy, depending upon tires used and driving conditions.
 - 28. Do not exclusively rely on the Parking Assist Sonar system. Always look over your shoulder and use your mirrors to confirm clearance. Certain vehicle and environmental conditions may affect the ability of the sensors to detect an object. Even the shape and composition of the object can be a factor. See *Owner's Manual* for additional limitations and details.
 - 29. Do not rely exclusively on the blind-spot monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See *Owner's Manual* for additional limitations and details.
 - 30. Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See *Owner's Manual* for additional limitations and details.
 - 31. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a Smart Key fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key/fob, it can be costly to replace. If you lose a key or fob, your Toyota dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.aloa.org.
 - 32. PANDORA®, the PANDORA® logo, and the Pandora trade dress are trademarks or registered trademarks of Pandora Media, Inc., used with permission.
 - 33. All the airbag systems are Supplemental Restraint Systems. All airbags (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See *Owner's Manual* for further information/warnings.
 - 34. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See *Owner's Manual* for additional limitations and details.
 - 35. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See *Owner's Manual* for additional limitations and details.
 - 36. At speeds greater than five miles per hour, when the accelerator is depressed first and the brakes are then applied firmly for longer than one-half second, Smart Stop Technology is designed to help the driver bring the vehicle to a complete stop. Smart Stop Technology operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. See *Owner's Manual* for details.
 - 37. The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See *Owner's Manual* for details.
 - 38. Trailer Sway Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether TSC will be effective in preventing a loss of control. See *Owner's Manual* for additional limitations and details.
 - 39. Integrated Trailer Brake Controller is an electronic system that operates in tandem with a properly equipped trailer with an electric braking system. It is designed to help the driver maintain trailer control by increasing or reducing trailer braking based on trailer weight. It is not a substitute for safe towing practices. Factors including speed, road conditions and driver input can all affect trailer braking control. See *Owner's Manual* for additional limitations and details.
 - 40. 2018 EPA-estimated mileage. Actual mileage will vary.
 - 41. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in the *Owner's Manual*. The maximum you can tow depends on the total weight of any cargo, occupants and available equipment. Calculated with the new SAE J2807 method.
 - 42. Covers normal factory scheduled service for 2 years or 25K miles, whichever comes first. See Toyota dealer for details and exclusions. Valid only in the continental U.S. and Alaska.
